

Specifications for District Banner for Grand Assembly

This banner will be carried by a member of your District in the Thursday evening entrance march of the Mother Advisors and Worthy Advisors. The girl carrying your banner will lead the Assemblies of your District. The lineup is by District, then by Assembly number.

Your banner may be your own idea, no restriction as to the material. You may decorate it as you wish. However there are three musts.

1. It must show your District number in the center.
2. There is to be no border trim...such as lace, fringe, etc.
3. There is to be a 1 inch hem at the top for the pole to go through.

The poles will be furnished by Grand Assembly, and will be the property of Grand Assembly, to be retained for use each year at Grand Assembly.

The size of the banner, when finished, to include a 1 inch top hem, is to be 15 inches wide (across top) and 24 inches high. You may get help from your Assembly in making your banner...adults may not participate.
